THE WILDERNESS

SOUTHERN OCEAN LODGE, AUSTRALIA

While soaking in a hand-sculpted granite bath, gaze at Kangaroo Island's pristine coastal wilderness, defined by scrubby narrow-leaf mallee unraveling across limestone cliffs. Don't be surprised if you see a kangaroo or wallaby hop by.

THE SKY

JUMEIRAH EMIRATES TOWERS, DUBAI

From the comfortable vantage point of an oversized black marble tub at this 56-story luxe business hotel, you can get up close and personal with the world's tallest building, the 2,717-foot Burj Khalifa, as well as the sparkling lights of Dubai's financial center.

THE CITY

THE LANGHAM, CHICAGO

Allow your personal butler to draw you a bath and sip sparkling rosé while enjoying panoramic views of the Chicago River and skyline. Peer south down State Street to the majestic skyscrapers of the Loop, including the landmark 1882 Jewelers Building.

THE OCEAN

SHANGRI-LA'S VILLINGILI RESORT & SPA, THE MALDIVES

From your terrazzo-tub perch, listen to the cries of sea birds and the lapping waves that caress the resort's private white-sand beach. The translucent ocean beyond shelters sea turtles, baby sharks and colorful fish darting through the brilliant blue waters.

THE LAKE

SPARKLING HILL RESORT, BRITISH COLUMBIA

These crystal-shaped bathtubs have room for two to bathe side by side. Through the floor-to-ceiling windows, you will spot eagles and hawks soaring over Lake Okanagan, along with marmots and deer scampering along the forest floor beneath you.
